Summary of Membership Agreement

Boulders Annual Memberships are annual contractual agreements handled through ABC Financial. They go **open-end** at the end of the contract term (after the first year the contract ends, the ***Electronic Funds Transfers (EFT's) continue at the agreed amount every month until the member stops them by written notice to ABC Financial***). This is convenient in the sense that no new contract must be signed at the end of the contract term and your gym use continues uninterrupted. In the event that the member is moving, the contract can be terminated with a $50 cancellation fee. After the contract term, EFT's can be stopped by the member at no extra charge. The cancellation fee is waived for military PCS. Cancellation must be done by written notice to ABC Financial at least 30 days in advance.
